*A year-long celebration of special events and activities are planned to honor a century of adventure, growth, and community.*

**EVANSTON, IL.** – McGaw YMCA is proud to announce the celebration of Camp Echo's 100th year anniversary. Since its inception at its current home in 1924, Camp Echo, one of the longest-standing YMCA camps in the nation, has remained a beloved destination for generations of children and families seeking a summer camp adventure away from home.

Nestled in the woods of Fremont, MI, Camp Echo has helped transform the lives of countless campers by providing immersive outdoor experiences that combine adventure, education, and a sense of community. Each year, over 1,500 campers from Evanston and beyond enjoy summer at Camp Echo as a chance to unplug from life's demands, form connections in spirit, mind and body.

"Camp Echo leaves an imprint on your soul," said Monique Parsons, McGaw YMCA President/CEO. "It inspires youth in our Evanston community to dream bigger than they ever thought possible, and to experience new things, outside, in an environment that is safe and fun. McGaw YMCA is so proud to mark this incredible milestone in the history of Camp Echo."

While always holding some traditions dear, Camp Echo's ongoing priority is to increase access and design the camp experience with and for all people, particularly those who have been historically excluded from camp. As Camp Echo looks forward to its next century, the YMCA remains dedicated to providing new generations of campers with transformational, inclusive, outdoor experiences while addressing historical and present challenges. The year-long celebration of Camp Echo's 100th year is a chance to reflect on the camp's progress, acknowledge harms, and design the path forward towards becoming a camp where everyone belongs.

### YEAR-LONG CELEBRATIONS
